

F/2014/2408 and 2409 Proposal	74. Oatlands Road, Shinfield Proposed erection of a single storey rear extension, conversion of existing garage and loft to additional habitable accommodation to include rear dormer extensions and roof lights.
Our comment	The parish council objects to this application on the basis that the site area does not accurately reflect the current planning situation (reference F/2013/1581 which shows an access road to the north of this property and a pedestrian path). The proposed extension means that the property would be left with no side access to either north or south between front and rear gardens and contributes to a walling effect in the street scene. The construction of a rear conservatory would reduce the usable outdoor amenity space available to the property. The parish council highlights the condition attached to application F/2013/1581 which requires the removal of the existing conservatory and feels that an application to construct a replacement is inappropriate.
Notes	Assistant Clerk to email the planning officer to obtain officer's report (To report at April meeting)

F/2015/0026 Proposal	3 Uffcot Close, Lower Earley Proposed conversion of existing garage to 2 habitable rooms and construction of front entrance porch.
Our comment	The parish council request that the highways officer confirm that there is sufficient provision of off-street parking and an adequate turning circle. Additionally, that parking on the narrow driveway will not limit access for the properties further along this shared driveway.
Notes	One additional park space identified in additionally submitted documents, giving a total of three off-street parking spaces. Highways officer has checked the plans and deemed them acceptable.
